The Finch West LRT project is underway. As construction ramps up, Metrolinx and Mosaic Transit Group invite owners of small- and diverse-owned businesses, and social enterprises to meet the procurement team and key subcontractors to discuss business opportunities.

Mosaic Transit Group, a joint-venture company selected by Metrolinx and Infrastructure Ontario, is designing and building the Finch West LRT project. The Fall 2019 Business Expo is an opportunity for us to offer free educational workshops, in a networking environment to community business owners.

Benefits of Participating

- Get an update of the Finch West LRT project
- Meet local business owners in the construction industry
- Free business workshops
- Foster new business relationships through informal networking
- Learn how to reach us

How can I participate?

- Register for a one-on-one meeting
- Drop in for a presentation

The Finch West LRT is a light rail transit project that will bring 11 kilometres of modern, reliable rapid transit to northwest Toronto. It will have 18 stops, including 16 surface stops, plus an underground interchange station at Finch West subway and one below-grade terminal stop at Humber College, connecting to other local transit services like GO, Miway, Viva, and Züm. It will provide rapid transit for the Jamestown, Rexdale and Black Creek neighbourhoods, as well as vital connections between communities and supporting growth in northwest Toronto.
