*Did you know that 34,000+ Canadians are directly employed in the recycling industry? Interested in becoming part of Canada's workforce that's shaping our environment*

### **Here's what we do...**

Combined Metal Industries (CMI for short!) sources and processes recycled ferrous and non-ferrous metals across North America and ensure they do not end up in a landfill or go to waste. Our recycling stream ensures that all the ferrous and non-ferrous metals that enter our yards will create something new again!

### **Here's where you come in!**

CMI is looking for Forklift Operators to join our Operations teams at both locations in North York. Working outdoors, in a team environment, you will be involved with the shipping and receiving of recycled metal.

### **Sound good so far? Here's what you'll be responsible for in this role...**

- Use a Counterbalance propane forklift to load and unload trucks
- Move and stock material
- General Housekeeping
- Be an extra helping hand with all general labour requirements

### **We think it would be awesome if you have...**

- Previous experience working outside in a variety of weather conditions
- 1 year of previous Counter Balance experience (propane required)
- A valid Counter Balance Forklift license (propane required)
- Strong English communication skills

We take this scrap seriously™

**A few super cool things about us...**
